

Fr. Lord Show Auditions Begin

Contest Deadline Extended

Open to University Students and Alumni

Deadline for the Miss and Mr. U. of D. contest has been extended to Monday, September 22, because of a delay in the arrival of the Rev. Daniel A. Lord, S.J., director of the forthcoming spectacle, "Light Up the Land."

Winners of the contest will receive top acting roles in the University's 75th Anniversary show, according to the Rev. Joseph Downey, S.J., coordinator of the play.

THE REV. Leo P. Wobido, S.J., the show's producer and business manager, is expected to arrive in Detroit today and will remain until November 30.

"Schedules for auditions will be set up immediately with Father Wobido," said Father Downey, "so we advise all organizations wishing to enter candidates to do so immediately."

To date, 12 coeds and 14 male students representing 11 campus groups have been entered. Kappa Beta Gamma's alumnae chapter has entered a 1940 graduate, Mrs. John Shada.

NAMES AND necessary information of likely candidates can be obtained by campus organizations by calling Gene Kuleszo, chairman of the contest, at University 4-9729, room 13, Holden Hall.

The contest, open to the entire University student alumni body, is not a beauty or popularity contest, according to Father Lord.

"Good actors and actresses, with the qualities we need for the top roles in a show like this, should have the ability to sing, dance just a little, be gay and attractive across footlights and have a flare for comedy," he said. Selections, therefore, will be made on the basis of ability, poise and experience.

TEN CANDIDATES, five men and five women, will be selected shortly after the Monday deadline, and final selections will be made by Father Lord, who is expected to arrive here Sunday.

Instructor Terrifies Class With Hammer

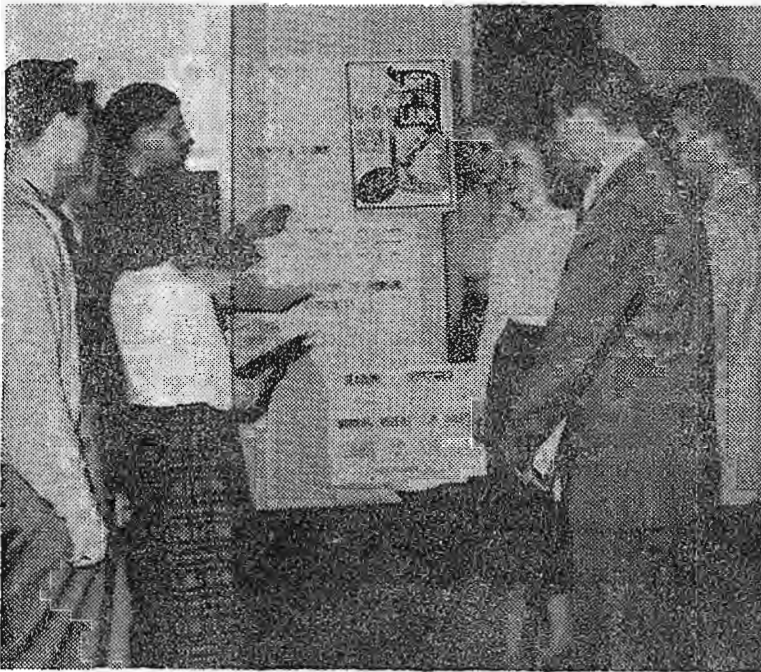

Each instructor has his own method of keeping order in the classroom, but it took Charles L. Sanders, assistant professor of journalism, to find a new twist to the old problem.

Professor Sanders strolled into his 10 o'clock class Wednesday carrying a hammer. This he deposited gently on the desk, and stood looking at the horrified class, a mysterious smile on his face.

Several startled journalists quickly raised inquiring hands. The answer was most reassuring.

It seemed that the jovial instructor had borrowed the weapon from the University, and had no opportunity to return it. "I'm going to take it back right after class," he promised, "but meanwhile..."

CONTEST EXTENDED

CONTEST: Fr. Downey, S.J., is pointing out to students in the Commerce corridor that the Mr. and Miss U of D Contest has been extended until September 22. Organizations wishing to enter a contestant should file an entry blank with Fr. Downey in the Commerce Building.

FRESH FAD

Red Beanies Greet Green Frosh Class

Those red-topped individuals so prominent on campus are members of a most inclusive clique. They're freshmen, living once more in the rah-rah, old-time college tradition.

Now that most veterans, who understandably just didn't go for such things, are gone, the beanie has made a comeback and it's gone over big.

THE STUDENT UNION board revived the idea, and initially ordered 900 of the bright red caps, said Jack Kahoun, Union treasurer. A second order of 150 just about took care of the new class, although registration totals have not yet been released.

As a former beanie-seller, this writer knows that few complaints were registered by the frosh. Most of the few gripes were from co-eds. That probably has some significance, but let's let the psychology department worry about it.

A package deal was offered by Union salesmen: a beanie, a freshman pin, and one ticket to the welcome dance.

THE CAPS will be worn until Freshman Liberation day, the date of which has not yet been set. Frosh are on their honor in wearing the beanies. Some

upper-classmen even think they look cute, especially on co-eds.

Some of the 1,050 red-caps have been appropriated by instructors and others, so take care that the freshman you are berating is exactly what he seems.

Chances are that more beanies will be sold next year. The consensus of opinion is that it's a great idea.

Council Holds First Meeting

The Student Council, student governing body of the University, will hold their first meeting of the semester on Sunday, Sept. 21 in Commerce 104 beginning at 12 p.m. announced Leo Linsenmeyer, president.

Officers of the council for the present academic year include Leo Linsenmeyer, Eng. senior, president, Charles Rutherford, Eng. pre-senior, vice-president, Mary Jackson CF senior, corresponding secretary, Joanne Vermeersch, Arts senior recording secretary, and Stephen Palchak, Commerce senior, treasurer.

One of the purposes of the meeting will be to plan the council program for the coming year. Other items which will be discussed will be the council's participation in the University's 75th anniversary observance and the explanation of the new Student Council constitution.

The meeting is open to everyone, added Linsenmeyer.

All Campus Groups Urged to Participate

Auditions for the University's 75th Anniversary show, a musical extravaganza called "Light Up the Land," will begin with the arrival of Father Daniel A. Lord, S.J., director of the show next week according to Father Joseph Downey, S.J., University co-ordinator for the show.

Schedules for the auditions will be arranged with Father Leo P. Wobido, S.J., producer of the show, who is expected to arrive in Detroit today.

"AUDITIONS will be open through September 30, by which time Father Lord hopes to substantially complete cast arrangements," said Father Downey. "We have received over 200 applications to date with more coming in," he added, "and there remain approximately 800 positions to be filled due to the use of a double-cast system."

Father Lord will return from a week of speaking engagements in Canada about October 10 and will begin full scale rehearsals October 15.

Father Downey added that it is the hope of the show's producers that all organizations, clubs, fraternities and sororities will participate in the production of the show.

THOSE interested in participating in the show in any capacity should call at the Arts office, Room 121, for questionnaires, fill them out, and return them to the office.

Features of "Light Up The Land," which will be presented on a four-stage level, will include four major ballets, two orchestras and a chorus.

Plans are being worked for a "Miracle of Science" display, a scene depicting the magic wonders of science as it creates a Modern America from the untouched resources of a primitive land.

AN ESTIMATED figure for costumes has been set at 1200. A minimum cost for the costuming alone has been placed at approximately \$8,000.

All music is composed by Father Lord, copied and written by his accompanist Mary McDonald, and orchestrated by John Crispin. Eighty-five per cent of the show's musical score is complete.

A 72-page program will be edited by Alan Foster, Arts senior, and assisted by Ed Nussel, also an Arts senior. The program cover will be designed by William Hofschler, a prominent Detroit artist with the La Driere studios. Posters will be designed by Gerald Bouchard.

Parking regulations were issued this week with the warning that they must be "strictly adhered to" by the Rev. George J. Shiple, S.J., superintendent of grounds and buildings.

Parking Regulations Tightened

"To alleviate the congested parking situation which has been caused by the larger number of cars now being bought to the campus, it is necessary that the student driver follow all the regulations set down to facilitate the smoother flow of traffic," he said.

"IF THE STUDENT simply reads and observes the signs that have been erected, he will have no trouble with the officer whose duty it is to place warning stickers on car windshields," he further said.

Fr. Shiple stressed that cars must not park on the through lanes or in front of the Memorial building. The latter is reserved for those who go into the athletic offices.

To aid in solving the traffic problem, he said that as soon as possible the lot facing the Engineering building on the west side would be cleared, filled in and opened to approximately 400 cars.

Fr. Smith, Berkowski Promoted

The Rev. Hugh F. Smith, S.J., former registrar, has been appointed vice-president in charge of academic affairs which consist of the faculty, curriculum and the library, according to the Very Rev. Celestin J. Steiner, S.J., University president.

Succeeding Fr. Smith as registrar is Joseph Berkowski, former

FR. SMITH BERKOWSKI

assistant registrar. Berkowski, an alumnus of the University, graduated in 1950 and majored in philosophy.

IN HIS NEW OFFICE, Fr. Smith will be a member of the University council, comprised of deans and regents, the policy-forming and governing body in academic matters.

On the University faculty since 1939, Fr. Smith has served as English instructor, Sodality director and Dean of Freshman in the Arts college.

In 1951 he was named assistant to the president while Fr. Steiner was hospitalized.

A NATIVE of Cleveland, he entered the Jesuit order in 1922. He was graduated from Gonzaga university in 1928 and received his master's degree in psychology there in 1929. From 1929 until 1932 he taught at the University of Detroit high school.

CAMPUS COP COPS CAKE AWARD

BAKER: Earl Teeple, the campus policeman and also the fellow who puts the stickers on illegally parked cars, won second prize in the cake division at the Michigan State Fair with a sponge cake which he baked. This was the first year in which he entered the contest.

Books Still Needed At Exchange

More students are utilizing the opportunity to obtain second-hand books at a reasonable rate this year, according to Mary Jane Tomczak, Arts senior and manager of the Used Book store.

Approximately 1,000 books have been sold for a net turnover of \$2,039.65. The previous high sale was last semester when \$2200.00 was collected.

"SO FAR, 471 customers have brought in books to be sold through the exchange," said Miss Tomczak. "From all appearances this year's sales will reach last year's mark by this week.

"There is a definite need yet for all philosophy and freshman books," she added.

Miss Tomczak has been assisted since September 8 by five volunteers who worked from 9 a. m. to 8 p. m. daily, but she will need more volunteers to replace those who are leaving.

THE SCHEDULE will be 11 a. m. to 2 p. m. daily beginning next week, with other hours optional, unless additional help is available. The store will be open until Friday, September 26.

Reed Talks For Adlai

Daniel J. Reed, instructor in the History department, spoke last night before a meeting of the Detroit branch of the Student Volunteers for Stevenson.

The student volunteers is an organization composed of college students, the purpose of which is to support Adlai Stevenson for President.

The meeting was held at the CIO Union Hall on 14th street.

Salesmen and Saleswomen

The Varsity News has openings for salesmen on their business staff. Earn a commission. Contact Frank Sassalos, Business Manager, Varsity News.

Fr. Loveley New Sodality Director

The Rev. Arthur Loveley, S.J., has been appointed Director of Religious Affairs for the University by the Very Rev. Celestin J. Steiner, S.J.

In connection with this position, Fr. Loveley is charged with the responsibility of the Sodality of our Blessed Mother.

He will be assisted by Fathers Larch, Finan, Carron, Holland and Montville.

Fr. Loveley's office will be in Commerce 102A.

Students Get Consideration

In answer to many request, each student passbook holder will be able to purchase an extra ticket for football games this season.

Leo Linsenmeyer, Student Representative to the Athletic Board of Control, announced the tickets will cost \$2 for the Wichita and Drake games and \$2.25 for all other home games.

The bargain price is being given the students on the extra ticket in the hopes of ending the confusion which has existed in the past.

ADA Elects Dent Profs

At the annual meeting of The American Dental Association held in St. Louis during the week of September 8, three faculty members of the University Dental School were elected to new positions within the association, announced Dr. Rene Rochon, Dean of the Dental College.

Those elected were Dr. Stephen Applegate, Professor of

Three Colleges Add to Faculty

Arts Division Heads List with Largest Staff Boost

With the opening of a new semester, the University announced that 32 members had been added to the faculty. This includes 14 in the Arts college, eight in the Commerce college and 10 in Engineering.

In the Arts college, William J. Murphy and Julia Mary Hanna were appointed to the department of Communication Arts. Murphy will direct the radio-television section of the department. He was former continuity editor at the National Broadcasting company in Chicago. Miss Hanna, before coming to the University, was a script writer for a Chicago educational station.

Pontifical High Mass Scheduled

The University will officially open the new academic year with the Solemn Pontifical High Mass of the Holy Ghost next Friday at 9 a. m. in the Memorial building, announced the Very Rev. Celestin J. Steiner, S.J., University president.

The Mass will be celebrated by the Most Rev. Allen J. Babcock, Auxiliary Bishop of Detroit. Fr. Steiner will give the sermon.

INVITATIONS to attend the Mass have been extended by Fr. Steiner to all parents of students and wives of married students.

Confessionals will be set up in the Memorial building so that those students or guests, who wish to go to confession either before or during Mass may do so.

Arrangements have been made to have a caterer on hand to sell coffee and rolls after Mass.

IMMEDIATELY following the Mass of the Holy Ghost, the traditional initial ceremony of the University, Fr. Steiner will address an all-University academic convocation, also in the Memorial building. All students and faculty members are expected to attend. Fr. Steiner added that guests who wish to remain for the convocation are invited to do so.

Guests are invited to remain after the Mass to inspect the Memorial buildings and the campus.

In previous years, the Mass was celebrated in Gesu Church, although last year it was conducted in the stadium, with confessionals set up along the boundary lines of the football field. This convocation will be the first all-University assembly held in the Memorial building.

A REQUEST has been made for male singers for the Mass of the Holy Ghost, Friday, September 26 in the Memorial building. Those interested may report in the University Chapel, Chemistry basement at 4:00 P. M., Monday and Wednesday, September 22 and 24.

Assembly Program Revised

The Very Rev. Celestin J. Steiner, S.J., University president, today announced several changes in the assembly program for the year.

In place of the former separate religious assemblies, there will now be only one religious assembly each month on First Friday. All colleges on the McNichols road campus will meet together for Mass in the Memorial Building. This assembly will be obligatory for all Catholic students, no matter what their class schedules are.

Two all-university convocations will be held in the Memorial Building each semester. These assemblies will be obligatory to all students. Fr. Steiner said persons of nationwide prominence will be invited to address the student body at these convocations.

The deans of the respective colleges may use the remaining assembly time during the year to call assemblies for their individual college.

Fr. Steiner also announced a change in the absentee regulations for all assemblies. The former sanction rule will no longer apply and new regulations will be announced by Fr. Steiner at the convocation following the Mass of the Holy Ghost in the Memorial building, next Friday morning.

Prof. Noren Attends GM Convention

Professor Oscar B. Noren of the mechanical engineering department was the University's representative at the recent General Motors conference for Engineering Educators.

Professor Noren was one of 19 educators from throughout the country to attend the 13 day conference. The educators met with members of the General Motors engineering staff to exchange ideas on basic engineering policies.

Talks by C. E. Wilson, G. M. president, and H. H. Curtice, vice-president, were supplemented by visits to General Motors research laboratories and technical centers.

Other faculty appointments include Stanley Rice, W. V. Richie and J. GoSowul, mathematics; Rev. W. L. Farrell, S. J., and Rev. M. A. Finan, S. J., Philosophy; C. F. Leichtweis and R. W. Strickler, Education; P. J. Stanlis, English; J. W. Yedlicka, Modern Languages; and Rev. W. J. Smith, Psychology.

In the Commerce college, the following new faculty members were announced: H. Webster Johnson, associate professor of Marketing. He was formerly with the Office of Price Stabilization in Cleveland, Ohio. Howard A. Ward, who was a finance instructor with the Army Finance Corps, is now assistant professor of Finance.

Donald W. Scotten, a Ph. D. candidate from the University of Illinois, will assume the duties of assistant professor of Marketing. Preston P. LeBreton, also from the University of Illinois, will be instructor of Industrial Management.

In the Accounting department are Richard Czarnicki and Carl L. Moore. Moore was a former teacher at Lehigh University. George Ramsey, graduate of the University Law school, is now an instructor in Business Law.

Melvin Wright, from Columbia University, has assumed the duties as instructor of Secretarial Science.

Appointments to the faculty of the Engineering college have been made as follows: Joseph Conway, University Engineering graduate of '51, is now assistant in Aeronautical Engineering.

In the Air Force ROTC, Major M. L. Henry is assistant professor of Air Science and Tactics.

The Army ROTC has added Sgt. J. L. Walters as instructor in Air Science and Tactics.

Robert W. Ahlquist, former associate professor of Electrical Engineering at Iowa State College, has been appointed director of the Electrical Engineering department. George M. Chute was also appointed to the department.

Sheridan Osborne, formerly with the faculty of the Illinois Institute of Technology, has been named director of the Engineering drawing department. Earl C. Flarity, formerly employed with the Chrysler corporation, comes to the University as Industrial Coordinator. D. T. Jaeger, now assistant Director of Coordination, has been a personnel official of the Detroit Tank Arsenal.

Frosh to Gain Freedom

Freshmen! Are you plagued by upperclassmen? Do you shudder and shake at the sight of supercilious juniors and seniors? Do you feel run down after the harassing days of orientation, registration and classes? Cheer up, your day is coming.

Friday, September 26, "Freshman Liberation Day," honoring the 75th freshman class to attend the University, will be observed.

FESTIVITIES will begin with a Pontifical High Mass at 9 a. m. in the Memorial building. Freshman, including those from the Jefferson avenue campus, their families and friends are invited to attend.

Throughout Liberation day, frosh will have that rare opportunity of ordering upperclassmen around. This privilege will entitle them to enforce the wearing of discarded beanies by seniors, and for that day, the right to give upperclassmen a rough time in general.

A pep rally of all students, supported by the University band, will be held prior to the Titan-Wichita game that night.

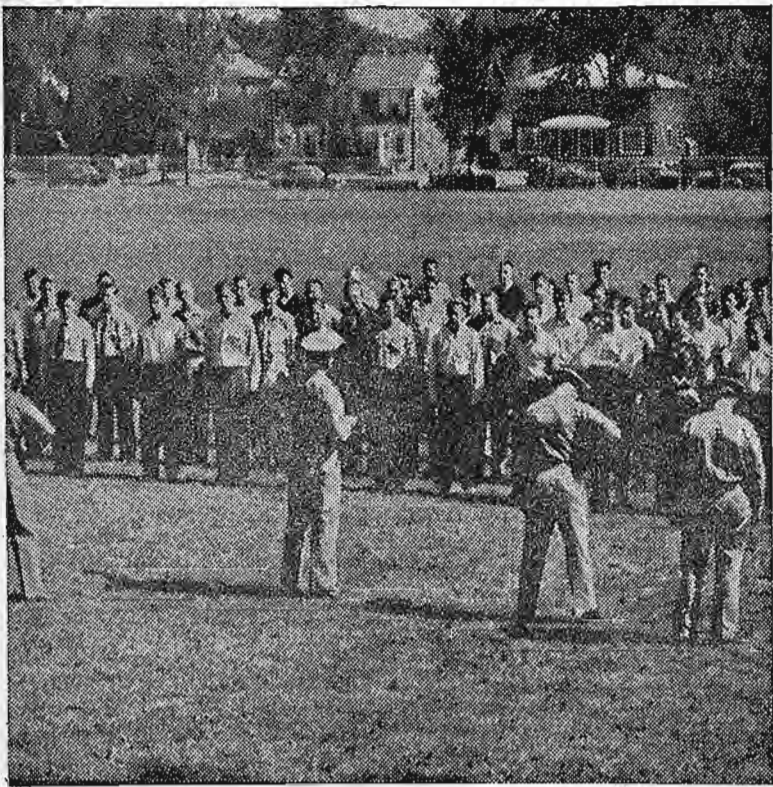

The following day, Saturday, September 27, a freshman welcome dance will be held in the main auditorium of the Memorial building.

Fresco Conference

An informal conference of prospective Fresco writers will be held Saturday, Sept. 20, at 1 p. m. in room 108 of the Commerce building.

Fresco is a literary magazine published quarterly by the University.

Anyone interested in contributing creative writing such as poetry, short stories and critical essays is invited to attend the meeting.

BEFORE: Army ROTC freshmen turn out for their first drill. They are shown above receiving their first drill instructions from members of the ROTC staff. The next picture will undoubtedly show a great improvement in the ragged ranks.

Physical Ed Added to Curriculum

Departments of Communication Arts and Physical Education have been established at the University, effective this semester.

Study in the field of Communication Arts leads to an A.B. or a Ph.B. degree with a major in Communication Arts. The department offers courses, day and evening, in four areas: Speech, Radio and Television, Journalism, and Theatre. After the student takes Principles of Effective Speaking and Introduction to Communication Arts, he may specialize in any of the four areas mentioned above.

In the Physical Education department, Principles of Physical Education course is being offered. Under the category of Health Education, two courses are offered: Principles of Hygiene and Anatomy and Physiology, the latter consisting of two semesters' study.

The category of Physical Education Arts offers four activities courses, each giving one credit. They are: Basketball, Football, Mass Exercise, and Minor Group Sports, which consists of volleyball and touch football.

Five Campus Buildings Undergo Renovation

Building construction crews, imported during the summer to bring relief to the growing congestion brought on by the University building program and the large influx of new students, made changes in five buildings according to the Rev. George J. Shiple, superintendent of Buildings and Grounds.

The largest and most noticeable change was made in the Florence Ryan auditorium in the Commerce building which, according to Fr. Shiple, was inadequate for the social activities and the occasional class that had been held there now that the Memorial building has been completed.

Fr. Foley Appointed Counselor

The Rev. Joseph Foley, S.J., has been appointed chief Student Counselor of the University by the Very Rev. Celestin J. Steiner, S.J.

Fr. Foley will have regular office hours every school day from 8 a.m. to 5 p.m. in Chemistry 15, the former Sodality office.

So that he may devote all his time to his new position, Fr. Foley has been relieved of his former activities as an instructor and moderator of the University Sodality.

Appointed as his assistants are Fathers Carron, Holland, Dowling, Wideman, Ryan and Larch. They will also be available for counseling in the Student Counseling office. Students may also make special appointments if they desire.

Fr. Steiner cited the responsibility of the University to provide counseling for all students not only on religious and moral problems, but also about social and personal difficulties, saying, "It is our conviction that student guidance is one of our gravest responsibilities and problems. For lack of guidance, cares are ruined, vocations lost, and many vices indulged in."

Engineers Sought for Positions

Interviews with industrial organizations have been arranged for students interested in obtaining positions with local and national companies.

The following dates have been released by the Engineering Placement bureau of the University.

ON MONDAY, Sept. 22, Gar Wood industries will hold interviews for students majoring in mechanical engineering and interested in their company training program.

Also on Campus Monday will be representatives from the General Motors corporation. They are interested primarily in mechanical, electrical, chemical and civil engineers. Physics and mathematics students will also be interviewed.

They have positions open for design, testing, plant engineers, process engineers and also in the sales and service fields.

GENERAL MOTORS will also be present on Tuesday, Sept. 22 to complete interviews. Students unable to attend Monday will have their opportunity on Tuesday.

The A&P Co. will also be represented on Tuesday to interview chemistry majors for positions in food chemistry.

Mechanical engineering majors will be interviewed Tuesday by the Alten Foundry and Machine Works for positions in their company.

"INSTEAD OF wasting the space in the auditorium, we decided it would be best to create offices there to relieve the congestion in the present Religion, Psychology and English offices. The Graduate School will also be given space there," he said.

Other changes in the Commerce building include the moving of the Secretarial Science office from room 206 to 115, the room formerly occupied by Dr. Bernard F. Landuyt, director of the Economics department, who will move into the old graduate offices.

In the Memorial building, Air Force and Army R.O.T.C. offices have been set up and offices taken from architectural and aeronautical departments in the Engineering building by the two units when they were established on the campus have been returned to the engineering departments.

THE VARSITY NEWS, Tower and Fresco publications, located on Livernois avenue last year, have been returned to the campus and are located in the Tower Court. The office quartering the publications was recently built following the installation of heating apparatus.

The Publicity department, also located on Livernois avenue last year, has been moved to the office in the Engineering building formerly occupied by the University print shop and purchasing department, which in turn has moved to the old field house near the stadium. The field house has been renamed the "Services Building."

The Memorial building is also the site of the new athletic ticket office, formerly quartered in the house opposite the Faculty building on McNichols road.

FR. SHIPLE'S committee attempted to sell the house but failed. "We tried to just give it away but there was no one, apparently, who wanted it because of the cost of moving it," said Fr. Shiple. Finally, he said, was put on skids and as soon as someone moves it, the entrance will be widened to eliminate the present bottleneck at that intersection.

The final change was made in the basement of the library where the R.O.T.C. supply office was located last year. It has been converted into a Psychological Testing Service center.

Welsh Gets NSA Post

Richard Welsh, Arts senior and former president of the University Student Council, was elected president of the Michigan Region United States National Student Association, at the national congress held at Indiana university from August 18 to 27.

OTHER DELEGATES from the University attending the convention were Janet Cooper, Commerce senior, Jack Brinkman, Arts senior, and Mary Jane Tomczak, Arts senior.

Over 500 students attended the meeting, the fifth in NSA history, and represented over 800,000 university student councils from colleges throughout the country.

Veterans to Apply For GI Bill Benefits

VA Outlines Suggestions to Insure Immediate Educational Aid Under Bill

Korean veterans who are returning or are entering the University this semester under the G.I. Bill of Rights must file application form 7-1990 as soon as possible, said Prof. Paul P. Harbrecht, director of the Student Counseling and Veterans bureau.

"Students otherwise will be deprived of Veterans Administration educational benefits from the opening day of school till the effective date of his Veterans Administration application, the date the application is received at the Veterans Administration office," he said.

TO PREVENT unnecessary delay in applying for education under the new bill, the Veterans Administration has released the following suggestions:

First, completed applications for training should be sent to the nearest Veterans Administration regional office.

Second, make certain photostatic copies of both sides of the discharge or separation papers are included with applications for G.I. training.

THE THIRD way to prevent delay is to completely fill out applications for education and training.

All information including: (1) identification of the veteran; (2) program of education and training applied for; (3) education and training received while on active duty; (4) civilian education, and (5) employment experience, must be on the form or we cannot take action, according to the Veterans Administration.

To receive full payment from the Veterans Administration, a veteran must carry 14 hours of credit a semester as an undergraduate. Proportionate amounts are paid for lesser loads.

GRADUATE STUDENTS must carry at least 8 hours a semester, cooperative engineers must carry 10 hours and law and dentistry must carry 14 hours.

The letter of eligibility from the V.A. authorizing attendance at the University should be brought to both the Student Counseling and Veterans bureau, Science 100. Those in Law, Dentistry or evening divisions, should leave their eligibility letters at their respective Deans office.

Since the Student Counseling and Veterans bureau of the University do not have the necessary

Students Get Draft Warning By Harbrecht

Today is the final day for draft-eligible students to notify their respective draft boards and the University of their status.

According to Professor Paul P. Harbrecht, Director of the Student Counseling Bureau, "Selective Service regulations state that eligible students and the University must both notify the student's draft board of his status."

HE ALSO STATED that to remain eligible, students must carry a full academic load each semester, notify their draft boards and observe the following:

1) Day students must report to the Student Counseling and Veterans Bureau, Room 100, Science building and fill out the required forms.

2) Students attending the McNichols Road Evening School, the Commerce and Finance Evening Division, and the Dental and Law schools must fill out forms obtainable at their respective division office.

Harbrecht added, "those not complying with the above regulations will forfeit their draft exemption privileges."

certification forms for monthly reports, additional information concerning the mechanics of reporting your schooling each month will be given you through the Varsity News as soon as it is available, announced Harbrecht.

THE FORM may be filed through the Veterans Administration, 310 E. Jefferson Ave.

First Player Production Announced

Christopher Fry's "Boy With the Cart" was announced as the Players' first production of the new season at a general meeting last night.

The play will be presented October 23-25. First readings for parts were held yesterday, with a repeat scheduled for 3:00 p.m. this afternoon. All interested students have been invited to try out by Jim Gannon, Players president.

Fry's play will be produced in cooperation with the theater section of the Communications Arts department. This marks the first time that the Players have worked with an official University department.

Other business of the meeting included introduction of new members to the aims and plans of the organization.

Two Seniors Get ACS Memberships

Mary Alice Taube and Stanley M. Sokalski, Arts seniors, have been selected by the University Chemistry department to receive Student Membership awards given by the Detroit Section of the American Chemical Society.

The awards are granted annually by the A.C.S. in recognition of "high scholastic record and other accomplishments which suggest future achievement." It consists of a year's membership in the American Chemical Society and subscription to a professional publication.

Miss Taube and Sokalski have maintained academic averages of 3.5 and 3.4, respectively, and have been active in the University Student Affiliate chapter of the A.C.S.

Fihn Attends Discussion

Joseph A. Fihn of the modern language department will participate in a panel discussion on "Brotherhood" before the United Order of True Sisters next Tuesday at the Art Institute.

A member of the Faculty Speaker's Bureau, Fihn will be the Catholic representative of a religious trio which also includes a Protestant and a Jew.

as well as participating in other extra-curricular activities on campus.

The certificates of award will be presented during a banquet at the Rackham Building next Tuesday. Making the presentation will be Dr. William Frederick, chairman of the Detroit Section of the American Chemical Society.

STUDENTS from Marygrove Mercy, and Wayne will receive similar awards.

Welcome!

EACH year at this time, there appears a customary message which welcomes freshmen, advises students to get down to work and announces the opening of school.

This year in the traditional manner, we wish to repeat all those things. But we would like to add a few new ideas.

A university education means something different to each student, for a student can only derive benefit in proportion to the amount of work he does.

It is up to each individual, both freshman and upper classman, to decide just how much he wants from an education.

There is, at this University, a great deal to gain, not only from classes, but also from co-curricular and extra-curricular activities.

If each student, in these first few weeks of classes, would give a few moments thought to what he wants from his education he might realize his opportunities, his rights and his responsibilities; he might realize that being a student is a vocation in itself.

The University has much to offer everyone. It is up to the student to accept this offer.

—JCC

It's Just a Survey to Find the Average Coed Phone Number.

Versatile Varsity Hits Newsstands

Well, you're looking at it again. This is the newspaper the little red handbook said to read carefully.

We print the news, sports, announcements, opinions and gripes of this University. Some of the gripes anyhow.

We please some, annoy others, irk a few more while trying to serve all.

We are praised, scoffed at, ignored, tolerated and cursed.

We are versatile.

There are those who complain when we come out late, those who complain when we don't come out, and on the other hand there are those who complain.

This is our public.

Sometimes in order to hear one voice we have to ignore another. To the former we are a "great paper"; to the latter we're prejudiced.

See, we're versatile!

After we are read for awhile we become taken for granted. By that time we are supposed to be a "know it all and print it all" machine. This is more of a compliment than a reality. In the meantime we're supposed to exert a superhuman effort to please everyone or suffer the wrath of the afflicted.

This is one of the rewards of newspapering.

It's obvious that each of our readers surveys us in their

own light. Freshmen read us with fresh delight; sophomores, with satisfaction; juniors, with dubious passivity; and seniors, with critical distaste. Perhaps it's an inevitable evolution.

But after all it is a problem. But that's the job we've accepted. We're here to serve you.

U-De Lites

An optimist laughs to forget; a pessimist forgets to laugh.

Hitting the bottle is a mighty foolish thing to do, as it always hits back harder.

A woman never forgets the man who remembers.

A beauty parlor is a place where they put a new top on an old chassis.

"You know, John. I consider pigeons the most stupid of all creatures."

"Yes, my dove."

It is better to be 20 minutes late down here, than 20 years too soon up there.

Imagination is necessary if you ever intend to please anyone other than yourself.

MAIL BOX

TO THE EDITOR:

In the final issue of The Varsity News last year, the special Field House dedication issue of May 25, 1952, it was erroneously reported that the nine Tuyere graduating seniors had banded together to pledge a single seat for the new Field House and Armory building. Actually, these nine men each pledged \$150 to dedicate a seat in their name and in the name of their fraternity, Tuyere.

This action was taken with the intention of encouraging other graduating seniors to make a similar gesture in leaving the University. Few students leaving the University are not in a position to pledge \$150 over a three year period. It is to be hoped that many more students and alumni will do this and thus substantially help to remove the debt on the beautiful new Memorial Building.

With the encouragement of The Varsity News, many students will take advantage of this chance to express their appreciation for the invaluable education they have received at U of D.

Very truly yours,
TUYERE FRATERNITY
Andrew Kavicsan,
Grand Master

EDITOR'S NOTE: This particular story was brought to my attention at the close of the last semester and the details were related. It seems that the story was telephoned in and taken by Mary K. Behta. The story was told over the phone in such a manner that it appeared that nine members pledged one seat.

We realize that errors of this nature will periodically appear and urge organizations to write or personally tell a reporter information of importance.

The reporters are willing to cooperate if the organizations express the same desire. If we both work together mistakes of this nature would be avoided.

Following are listed the names of the Tuyere fraternity members who EACH bought a seat: Robert J. Bayer, Victor Boka Jr., James L. Hay, John E. Kennedy, D. J. Langlois, Lecturer Joseph Na...

Added Responsibility

WITH the advent of the new school year the student finds himself responsible for obligations he was free of during the summer months. An added responsibility this year is his participation in a most important election; that for the presidency and the higher offices in the federal government.

Just as the student is responsible for the obtaining of the education given him, he is jointly responsible to see that the administration given power is an honest, efficient and just one.

But assuming this responsibility entails the added obligation of voting. And to vote the student must first register.

Many students often complain that the government continually makes blunders, yet when asked if they voted, many of them have to admit they didn't, simply because they failed to register.

Until Monday, October 6, registration booths will be open at any fire or police station in the Detroit area to handle quickly and easily everyone who is willing to take the few minutes it requires.

Students eligible to register include:

1. Those who have not yet registered but are, or will be, 21 years of age by November 4.
2. Those who have registered more than two years ago but have not voted in that time.
3. Those who have moved into the Detroit area and have been here longer than six months.
4. Those who have moved without forwarding their new addresses.

It is the duty and obligation of every student in protecting his own rights to take the few minutes it requires to register now and in November to go out and vote.

—RJG

An Old Problem-Again?

WILL the Student Council again be faced with student apathy?

Sunday, for the first time this year, a new Student Council will convene and again face it's problems. Foremost among these problems in the past has been that of indifference. Student apathy has hung over the council like a knife suspended by a horsehair. This condition does not help the Council to function to its best capabilities. Student Council needs student support.

The appointing of special and standing committees along with a discussion of what the Student Council's role will be in the coming 'Light Up the Land' show, will highlight the Sunday meeting.

Students can serve on these committees and express their opinions on the issues. They can actively take part in making a better Student Council, and consequently a better, closer integrated student body.

Student Council should be given a chance to prove what it can do. Students can aid by removing the burden of apathy.

Organizations Elect Officers For Fall Term

Among organizations who have elected their officers for the coming year is Tuyere, Engineering fraternity. They announced their officers at a party at the home of Andy Kavicsen Saturday.

The newly elected officers are: Andy Kavicsen, Electrical Engineering pre-senior, Grand Master; Bob Rochon, Civil Engineering senior, Executive Grand Master; Ray Baczynski, Mechanical Engineering senior, Master of Finance, and Jim Rutsey, Chemical Engineering senior, Grand Scribe.

THETA PHI ALPHA, national Catholic sorority, held their house party last weekend at Cathy Lankin's cottage, north of Port Sanilac.

At a short meeting Sunday afternoon plans were discussed for a party to be held after the U. of D.-Villanova football game. Charlene McCabe, President of Theta Phi Alpha, was nominated by the sorority as their candidate for "Betty Coed" in the Fr. Lord production, "Light Up the Land."

Gamma Phi Sigma held their first meeting of the school year Tuesday night at Mary Hatcher's house. An essay contest for high school students to be sponsored by Gamma Phi Sigma was announced.

KAPPA BETA GAMMA, national social sorority, recently held a combined meeting and picnic given by new members at Dotty Dowell's home on Lake St. Clair.

Election of officers took place at the meeting.

The new officers are: Barbara Quirk, Arts senior, President; Joan Hinkle, Arts senior, Vice-President; Margie Oldani, Arts senior, Treasurer; Dotty Dowell, Arts junior, Recording Secretary; Janet Lenhard, Arts junior, Corresponding Secretary.

Frosh Welcome Is First Dance In Memorial

Freshmen! Get acquainted with your fellow frosh at the annual Welcome Dance Saturday, Sept. 27, from 9 to 1.

The dance, which is sponsored by the Student Union, will be held this year in the Memorial Building. Danny Baker and his orchestra will provide the music.

According to Jack Kahoun, Union treasurer, dress will be informal. Since the dance is intended as a "mixer" it will be strictly stag.

Freshmen who didn't receive their tickets with their beanies may obtain them in the Dean of Men's office.

TEA COMMITTEE PLANS PROGRAM

WELCOME: Delores Milkie, Commerce junior, is shown above phoning her "little sister" to invite her to the Freshmen Welcome Tea Sunday. Discussing plans for the Tea are left to right: Joann Vermeersch, Arts senior; Mary Burleson, Arts junior; and Margie Thompson, Commerce junior.

Sodality to Open Semester With Mass Business Meeting

Mass at 10:00 a.m. Sunday, Sept. 21, in the Student Chapel will officially open this year's Sodality program, announced Joe Angileri, Sodality Prefect. Breakfast and a business meeting will immediately follow Mass.

According to Angileri, the meeting will evolve around changing the present organization of the Sodality. Plans for a new committee system and for drafting a new constitution will be discussed.

"Because of the vital issues that will be discussed at this meeting, all Sodality members are urged to attend," said Angileri.

Sunday also marks the beginning of the probation period for new Sodalists. An introductory talk will be given by Fr. F. R. Holland, S.J., to aspiring Sodality members.

Students who wish to join the Sodality must attend this meeting, said Angileri. It will be held Sunday at 1:00 p.m. in the Women's League Room in the basement of the Commerce Building. New Sodalists will then be introduced to the Sodality officers who will acquaint them with the rules and procedure of Sodality probation.

"What's My Line" Panel Highlights Welcome Tea

A friendly welcome will be extended from the University to freshmen coeds at the Annual Women's League Welcome Tea Sunday, Sept. 21, from 3 to 5 p.m. in the Memorial Building.

Each of the 275 new coeds will be assigned a "big sister" from among the upper class coeds who will assume the role for one year of making her "little sister" feel right at home. It will be her place to show her "little sister" around the campus and to help her with problems that arise during the year.

THE AFTERNOON'S entertainment will be furnished by Alpha Chi Tau, campus honorary sorority, in the form of the television show, "What's My Line?" Mary Jo Maurer, Arts senior, will be master of ceremonies and members of Alpha Chi Tau will form the panel.

Sorority presidents and members of various campus organizations will be the contestants on the show. It will be the panel's job to guess which organization each contestant is affiliated with.

After the show, there will be an open discussion between the audience and the panel members and contestants.

THE VERY REV. Celestin J. Steiner, S.J., President of the University and Mis Helen E. Kean, Dean of Women, will be honored guests at the Tea.

Chairman of the program is Delores Milkie, Commerce Junior, assisted by Mary Burleson, Arts Junior. Heading the Decoration Committee are Pat Good, Arts Junior, Delores Dombrowski, Commerce Junior and Jo Jozefociyk, Commerce Junior.

Officers of the Women's League Board will act as hostesses. They include: Joann Vermeersch, Arts Senior, President; Bernice Lou Bog, Arts Senior, Vice-President; Barbara, Arts Senior, Corresponding Secretary; and Charlotte Linsenmeyer, Arts Senior, treasurer.

Bloomer Park Site Chosen for Picnic By C&F Faculty

The annual Commerce Faculty Family Picnic will be held Sunday, Sept. 21, at Bloomer Park at the end of John R.

The picnic starts at 1 p.m., rain or shine! Co-chairmen of the annual affair, Mrs. J. F. McClellan and Mrs. E. Power wish to remind all faculty members that the picnic has never as yet been rained out.

Reservations may be obtained by calling Mrs. H. G. Gudebski, UN. 2-5241, or Mrs. B. N. Blakeslee at UN. 2-0369.

SFC Applications

The St. Francis Club is accepting applications Friday from 7 to 9 p.m. and also Sunday afternoon from 2 to 5.

New members will be announced the first week of October and will then be placed on a probationary period.

Record Turnout

93 Frosh Prospects Report for Practice

By BOB HEATH

NINETY-THREE hopeful aspirants greeted freshman football coach Ed Barbour and aids, Danny Kerins, Ron Horwath, and Jack Campe at the initial practice session Tuesday.

The large turnout included several men who received all-city and all-state recognition both in and out of the state of Michigan last year. Heading this group are Jerome "Little Thunder" Surratt, Julius Gylys, Frank O'Connor and Bob Chendes.

Mural Grid Plans Set

Intramural football is here again. The mural program will begin Monday, September 29th, announced Intermural Director Bill Pritula.

Pritula stated, "The success of this year's program will depend upon the cooperation of those who participate in the program which will feature football, basketball, softball, and handball, and also the work of the team captains who will work with the Mural Director to keep their respective teams up to date on the schedule and rule changes."

NO MAJOR RULE changes have taken place, but a meeting of all potential football captains will take place in the Memorial Building September 26th at 12:30 p.m. At this time Pritula will discuss with the captains the operation of the league for the current season and review the rules.

Applications for entering teams in the touch football league may be obtained at the Athletic Offices in the Memorial Building, and should be returned with the necessary information not later than September 26th at 3 p.m. Only applications filled out on official blanks will be accepted.

Trophies will be awarded this year on a point basis which will be discussed at the meeting of Pritula and the captains. The general outline is that each team will get points for entering their team, on each game that is won, and on the team's final place in the standing.

LAST YEAR'S winner in the touch football league was the Pros edged Alpha Chi in the title game 6-0 as the game was played in a sea of mud.

Ticket Sales Are Lagging

"Our season ticket sales are behind our goal," stated ticket manager Frank Metzger. Metzger also stated that the season ticket sales will come to a close Monday, September 22nd.

The season tickets are being sold in booklets which contain the tickets for all six Titan home games. The reserved ticket booklet sells for \$14.50 whereas the straight admission for reserved seats are \$17.00.

General admission tickets for the six home games which feature Villanova, Tulsa and Marquette will be \$1.50 whereas the reserved seats for the six home games vary from \$2.50 and \$3.00.

Metzger also said, "There are many season tickets left and the success of the pre-season sales could be determined in this, the last week of the sales."

Titan Topics

By BRUNO KEARNS

A cheerie hello to you, Titan followers. Many things have popped since the Varsity News said adieu last June, and from the sportscope there are quite a few activities ahead for the sports fans on the campus.

The big moment naturally is the football season which will open locally next Friday night against Wichita in U. of D. Stadium. What are the Titan's chances this season? Coach Dutch Clark says he'll have a better team this year, and the squad itself has shown more hustle and determination.

Pre-season ratings by the different sport magazines have given Detroit four wins at the most. With the suicide schedule, the predictions may appear true to form, but we like to stay on the optimistic side of the ledger and pick the Titans in six of the nine.

DIS AND DATA:

Wedding bells sounded for co-captain Pete Bonanni over the summer as they also did for George Heidt and Cas Krol.

Speaking of marriage, it took Bill Goff, the Titan netter who speaks only when spoken to, from January to July to make it known that he was a married man. And they called him gabby on the tennis team!

Captain of the 1950 baseball team Walt Maksimezyk is back in school working on his master's degree. His successor Joe Krol is now a Pvt. stationed at Ft. Leonard Wood, Missouri. Also slated for Army call next Thursday is Harry Ackermann, the captain of last year's swimming team that posted the best record in history of the school.

Tom Mayer, the philosopher of the tennis team, is now in law school. Tom claims the distinction of being the only Titan tennis player ever to score a single point against Kalamazoo College. The Hornets have shut out Detroit nine times in the all-time series and the Titan's only point came in 1950 when Kalamazoo won 8-1.

Tony Novitsky, Titan golf captain of last year, topped the field of 182 golfers, shooting 105 for 27 holes to win the 15th annual Beniteau golf tournament held at the Ridgemont golf course last week.

Jerry Malmgren and Tony Bartalo who left the football team last October because they were waiting to be drafted, finally received their calls. Tony leaves October 5th from Caledonia, N.Y. and Jerry goes October 3rd from Tucson, Arizona where he now resides with his family.

Alex Small, ex-Titan griddler is doing quite well with the Pittsburgh Steeler pro-team. Alex, a likeable chap, is not too popular with the team. Reason he has a Boa snake as a pet!

Jack Stefani, Commerce sophomore, is rapidly gaining wide recognition as a high goal polo player with the Ivory Rangers. He has scored 65 goals in 24 games this year.

SUNDAY the Ivory Rangers play host to the top-ranked Milwaukee Polo Club in a clash at Ivory Field, Lahser Road and Eight Mile.

SURRATT, a halfback from Fremont Ohio high school was chosen on the Ohio All-Buckeye conference team. He was approached by seven different colleges before selecting U of D.

Gylys is a guard from St. Ignatius high school in Chicago, Ill. Prior to last season he never played competitive football of any type. Despite this fact, Gylys was chosen on the All-Chicago eleven in his only year of participation. Like Surratt, he turned down offers from six other schools in preference of U of D.

O'Connor and Chendes are graduates of St. Marys of Redford, the 1951 Goodfellow Champions. The former, a fullback,

O'CONNOR CHENDES

made the all-state second team and first team all-city. His teammate, an end, received first team all-city honors and honorable mention all-state.

OTHER CANDIDATES include Ed Haddard, Bob Orloski and Walter Burger from Catholic Central; Dick Vaughn and Alex Klukach from Hamtramck; and Jack Trombley of St. Paul's, Grosse Pointe.

The initial practice was also attended by James Lobkovich of Mt. Carmel, Wyandotte; Mike Tierne of St. Patrick's, Wyandotte; Bob Bernas, of Lourdes; Paul Monroe, of St. Alphonsus, Dearborn; Jerry Marsch, of DeLassalle; Al Bumgarth, of St. Joseph's; and Joe Wesmieski, of St. Leo's.

Coach Barbour announced that three games have been scheduled thus far. The frosh will face Toledo twice, the first game to be played there Oct. 9, while the other contest will be at home on Oct. 16. Western Michigan will play host to Titans on Nov. 6.

TRACK TEAM

Track Coach Raymond "Doc" Forsyth announced that all students interested in a cross country team are asked to see him Monday, September 22nd, between 4 and 5 p.m. in the training room of the Memorial Building.

Fall Football Drills Build New Squad

Marchbroda Key To Titan Offense

By ED STANNERS, JR.
SPORTS EDITOR

With football action but a week away, head coach Dutch Clark continues to put the 1952 Titans through daily drills in preparation for Wichita next Friday.

New faces crowd the Diamond Jubilee squad as only ends Ed Beirne on offense and John Eckenstein, defensive regular, remain undisturbed by the renovation project.

8 Imports Strengthen '52 Titans

Eight is a magic number at U. of D. this year as that is the number of transplanted footballers who now call the Titan campus home.

Leading the transfer parade is the passing ace from the east, Ted Marchbroda. Titan followers are already referring to him as another Doug Nott.

OTHERS WHO are counted on heavily for the 1952 season are Marchbroda's four teammates from St. Bonaventure along with two athletes from San Francisco and a lone halfback from Loras College in Dubuque, Iowa.

Besides Marchbroda, St. Bonaventure has contributed Lee Riley and Stan Tubinis, halfbacks, and guards Roger Stemler and Joe Belluso. Tackle Tim Moriarty and halfback John Thiel are west coast imports while halfback Bob Burgmeier has followed backfield coach Wally Fromhart from Loras College.

Riley and Thiel are slated for starting assignments on the offensive platoon although both men may be used both ways as they are also defensive specialists. Burgmeier is also slated for offensive action.

OFFENSIVELY THE Titan line will be strengthened by the addition of Moriarty, Stemler and Belluso. All three are expected to receive starting assignments.

In the defensive backfield Detroit forces will be bolstered by Stan Tubinis. Tubinis is a sophomore who stood out defensively last fall at St. Bonaventure.

These additions to the Titan roster have brightened the hopes of the coaches as they drill intensely in an effort to improve on last year's record.

Net Tourney Is Announced

Tennis finds its way onto the fall sports calendar as the annual Qualifier Tennis Tournament starts Monday, September 29th at 1 p.m. on the University courts.

This tournament is open to all students with the exception of members of the Titan varsity squad. All students are invited to compete in this annual tournament and the quarter-finalists are eligible to enter the Titan Tourney which begins October 6th.

Coach Fred DeLooder announced that entry blanks may be obtained at the Athletic offices in the Memorial Building.

Mural Golf Tourney

The fairways and greens of Redford Golf Course will absorb the "drives", "slices", and maybe the "pars", and "birdies", of University golfers as play gets under way Tuesday, Sept. 30 for qualifying positions in the intramural golf tourney.

The low 16 golfers will vie for the tourney title to be held Friday and Saturday, Oct. 10th and 11th at the same course.

CO-CAPTAIN Pete Bonanni has been switched to the offensive platoon while Cas Krol and Dick Martwick moved to the defensive lineup. Quarterback Denny McCotter has shifted to fullback.

No major injuries have plagued the squad thus far as only Bob Hernbroth with an arm injury and halfback Bob Burgmeier with a pulled leg tendon are temporarily sidelined.

Coach Clark plans a more varied offense this year with the spread formation being brought into use to capitalize on the aerial artistry of Ted Marchbroda.

MARCHBRODA is a key offensive threat as he can pass to

MORIARTY MARCHBRODA

the flanks or feed to fullback McCotter up the middle or shifty halfbacks Lee Riley and John Thiel to skirt the ends.

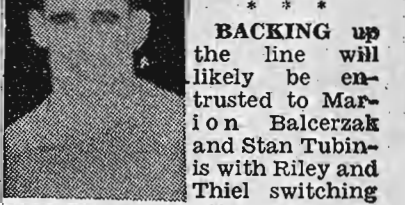

Additional backfield help is forthcoming from Ed Gornak, Ray Zambiasi, Jim O'Leary, Dave Kline, Tom Berry and Bob Burgmeier.

Co-captain Dick Koster has returned to practice following an appendectomy operation and is rapidly rounding into shape. He is expected to be ready for the Villanova game.

OFFENSIVELY the line is flanked by Ed Bierne and Bonanni with Tim Moriarty and Dan Comer at tackle as the St. Bonaventure boys Roger Stemler and Joe Belluso hold down the guard posts. Lou Wasko is scheduled for the pivot assignment.

Ed Sawicki, defensive end in 1949, has returned from the armed forces with added poundage so he was inserted at defensive guard. Martin Foley of Fenton, Michigan is working out at the other guard slot.

At the tackles, defensively, are Martwick and Krol with Al Galuardi working at defensive end opposite Eckenstein.

TUBINIS "Two Eds," Sheldon and Yablonski as deep men.

Ray Zambiasi looks like the try for point man after Titan touchdowns. Sophomore Tom Zang is leading the parade of candidates for the punting post. Beirne is practicing kick-offs.

Riley, Stemler, Belluso, Moriarty, Thiel, and McCotter are slated for double duty if the occasion demands.

THIS IS THE nucleus of the 1952 grid outfit which opens its season and the MVC campaign next Friday against the Shockers of Wichita.

OFFICES BECOME CLASSROOMS

MORE SPACE: Pictured above are students leaving the new classrooms in the Commerce basement. These rooms, which were previously occupied by faculty offices, have been converted as part of the University building changes. The faculty offices will be moved to the first floor of the building where more modern and spacious facilities will be provided. The move will help relieve the shortage of classrooms and also the close quarters experienced by the faculty.

VN HAS NEW OFFICE

AT LAST: Pictured above is a corner of the new Varsity News offices, now located in the new Tower annex. The new building provides more space greatly needed by the paper. It is equipped with a complete filing system and morgue. Above all, the office is more accessible to both students and staff members. There is a full size basement which will accommodate the photos department, and be used for a lounge and storage space.

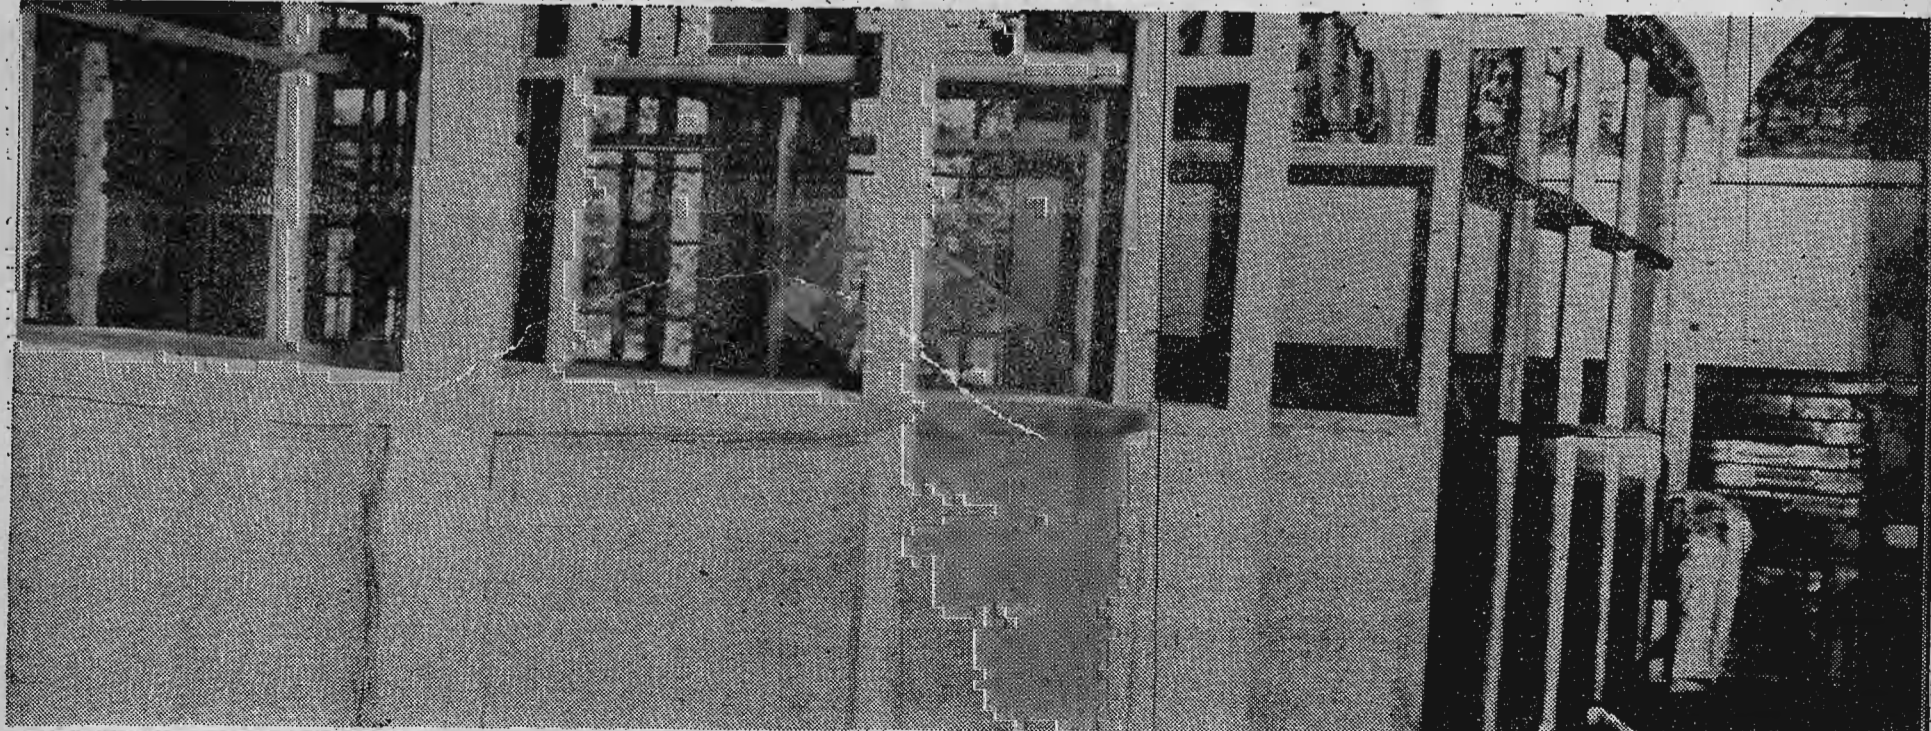

OLD ATHLETIC HOUSE TO BE MOVED

GOING: The Athletic House located at the north end of the Football stadium is being readied to be moved to its new location. The new location is not yet known and rumors have it that it may be sold. The old house was formerly headquarters for the Athletic offices, which included the

football ticket office, coaching office and even had sleeping quarters upstairs. Since the liquidation of the old building, the offices have been moved to the Memorial building, where larger and more modern accommodations have been provided.

AUDITORIUM IS NO MORE

GONE: The Florence Ryan auditorium, shown above, is being converted into new, modern and more spacious offices for the faculty in the Commerce building. The need for more space for the faculty is caused partly by the transformation of the old offices in the Commerce basement into

new classrooms this semester. Partitions have been built in the auditorium to accommodate the new offices which had formerly been crowded into the small basement rooms. Previously these rooms had been used for both classrooms and faculty offices.
